

# Factsheet

The main objective of this research was to study the attitudes of Georgian population towards election-related processes. The survey examined people's attitudes towards participation in elections, as well as the assessment of the pre-election processes and violations.

**Population:** Adult population (18 years old and over), excluding the populations living in territories affected by military conflict (South Ossetia and Abkhazia). Besides nationwide, data is representative of Tbilisi, urban and rural areas of Georgia.

**Sample Design:** Simple random sampling using random-digit-dial method.

**Sample Size:** 3,100 respondents.

**Response rate:** 20%

**Survey mode:** Computer-assisted telephone interview (CATI).

**Interview languages:** Georgian, Armenian, Azerbaijani and Russian.

**Fieldwork Dates:** August 13, 2021 to September 4, 2021.

**Results are weighted.**
