

NED (Georgia Says) Factsheet Wave1

Fact sheet

Population: Adult population of Georgia living in Tbilisi-administered territories, except areas of Abkhazia and South Ossetia.

Sample size: 1,523 completed interviews according to AAPOR standard definitions (50% of eligible variables are answered by the respondent)

Fieldwork dates: August 29 – September 5, 2022

Response rate: 18%

Interview mode: Interviewer-administered phone survey

Interview languages: Georgian, Armenian, Azerbaijani, Russian

Survey design: Random-Digit-Dial (RDD) sample. Each phone number is treated as personal-use device.

Primary sampling units: individuals.

Strata: Capital (Tbilisi), urban, rural settlements

Weights: Results are weighted. Base weights are adjusted using the 2014 National Census data for controlling respondents' gender, age, ethnic identity, education, and residence. Population counts by groups (region, settlement type, gender, age, education, ethnic identity) are calibrated using iterative proportional fitting (raking) algorithm.

Average margin of error: 1.8% (NOTE: MoE differs for each variable and for each response option)

STATA code for survey settings:

For individual-level analysis:

```
svyset id [pweight=wt]
```
